

FEES, PRICES AND TARIFF DISTANCES

**OF
THE STATE ENTERPRISE
“NATIONAL RAILWAY INFRASTRUCTURE COMPANY”**

Prices are in BGN, VAT exclusive.

РАЗДЕЛ I. INFRASTRUCTURE CHARGES / MINIMUM ACCESS PACKAGE

I. Infrastructure Charges/ Minimum Access Package

Infrastructure charge for use and access – in force as of 01.01.2024:

1. Infrastructure passing charge;

- 1.1. Infrastructure charge per gross ton kilometer – BGN 0.00126 per gross ton kilometer;
- 1.2. Infrastructure charge per gross ton kilometer of combined transportation by block-trains - BGN 0.00113 per gross ton kilometer;
- 1.3. Infrastructure charge per gross ton kilometer of carriage of cargo vehicles by block trains - BGN 0.00088 per gross ton kilometer;
- 1.4. Infrastructure charge per train kilometer – BGN 0,3977 per train kilometer;
- 1.5. Infrastructure charge per train kilometer of the combined transportation with block-trains – BGN 0,35793 per train kilometer;
- 1.6. Infrastructure charge per train kilometer of carriage of cargo vehicles by block trains - BGN 0.27839 per gross ton kilometer;

2. Infrastructure charge for use of the traction electrical equipment – BGN 54.51 per MWh.

3. Infrastructure charge for declared and unused capacity per train kilometer — BGN 1.5423 per train kilometer of the unused requested and approved with the annual TT capacity in the form of a train path.

Infrastructure charge for use and access – in force as of 16.01.2025:

4. Infrastructure passing charge;

- 4.1. Infrastructure charge per gross ton kilometer – BGN 0.00203 per gross ton kilometer;
- 4.2. Infrastructure charge per gross ton kilometer of combined transportation by block-trains - BGN 0.00183 per gross ton kilometer;
- 4.3. Infrastructure charge per gross ton kilometer of carriage of cargo vehicles by block trains - BGN 0.00142 per gross ton kilometer;
- 4.4. Infrastructure charge per train kilometer – BGN 0,6058 per train kilometer;
- 4.5. Infrastructure charge per train kilometer of the combined transportation with block-trains – BGN 0,54520 per train kilometer;
- 4.6. Infrastructure charge per train kilometer of carriage of cargo vehicles by block trains - BGN 0.42406 per gross ton kilometer;

5. Infrastructure charge for use of the traction electrical equipment – BGN 51.45 per MWh.

6. Infrastructure charge for declared and unused capacity per train kilometer — BGN 2.0186 per train kilometer of the unused requested and approved with the annual TT capacity in the form of a train path.

***Note:** The pass-along charge, the charge for use of the electrical equipment for traction energy and the charge for requested and unused capacity do not depend on the train types and are equal for all railway lines of the railway infrastructure.*

РАЗДЕЛ II. OTHER INFRASTRUCTURE CHARGES AND PRICES

1. **Infrastructure access charges, including rail access within the service facilities and to services provided in those facilities, as , well as for additional and ancillary services** are published in the Price List of SE NRIC, which you can see [here](#).

2. Price for distribution of traction electricity

No. by row	Name of the service	Unit	Price in force as of 01.07.2024	Price in force as of 01.01.2025
1.	Distribution of traction electricity	BGN/MWh	148.60	149.49

Notes:

1. The distance between the operational posts in Sofia – Mezdra section are arithmetic mean distances between the respective operational points along track N 1 and N 2.
2. The distances through the border crossings are to the State border of the Republic of Bulgaria with the respective neighbouring country.
3. SOR - switch on open route
4. BP -block post
